

Color & Additive Masterbatches
Plastic Compounds

LunaFilm LunaSheet LunaTape

LunaFam Masterbatches are also available in forms of Film, Sheet, and Tape in PP, PE, and PET polymer carriers.

LunaFilm LunaSheet LunaTape

LunaFilm

Available in: PP PE, and PET

Advantages:

- Available From 17 Microns Thickness
- Single-Layer and Multi-Layer
- Color and Additives for BOPP, OPP, CPP, and BOPET

LunaSheet

Available for Polyolefin and Engineering Plastics

Advantages:

- Available in Single wall and Twin wall Sheets

LunaTape

Available in PP

- Excellent Filter Pressure Value
- High Color Strength

Laboratory Services

Unlimited Color Matching

High Color Controlling Capability

Fast Color Matching Procedure
